

**CURRICULUM VITAE**  
**Jack A. Taylor, M.D., Ph.D.**

Education:

1977	B.A.	(Biology) <u>cum laude</u> , Carleton College Northfield, Minnesota
1978-80	Ph.D. Candidate,	Population Genetics and Evolutionary Biology University of Arizona, Tucson, Arizona
1984	M.D.	University of Wisconsin School of Medicine Madison, Wisconsin
1993	Ph.D.	Department of Epidemiology, University of North Carolina, Chapel Hill, North Carolina

Board Certification:

National Board of Medical Examiners #292343  
Medical license, North Carolina #30868  
American Board of Preventive Medicine:  
Specialist in Public Health and General Preventive Medicine

Brief Chronology of Employment:

1976	Environmental Biologist, Water Treatment Plant, Ward Paper Company
1977-78	Water Quality Researcher, Wisconsin Department of Natural Resources
1978-80	Graduate Teaching Assistant, University of Arizona
1984-85	Resident, Department of Radiology, Michigan State University
1985-87	Resident, Preventive Medicine, University of North Carolina
1985-88	USPHS-NIH Epidemiology Training Program, NIEHS
1988-95	Senior Clinical Researcher, Epidemiology Branch, NIEHS
1995-date	Tenure Appointment, Senior Investigator, Epidemiology Branch, NIEHS
1997-date	Head, Molecular & Genetic Epidemiology Section, Laboratory of Molecular Carcinogenesis, NIEHS

University Affiliations:

Adjunct Professor, Department of Epidemiology, University of North Carolina  
Adjunct Professor, Lineberger Comprehensive Cancer Center, University of North Carolina  
Adjunct Professor, Department of Medicine, Duke University

Honors & Other Special Scientific Activities:

Summer Research Fellowship, University of Wisconsin School of Medicine, 1981  
Dean's Award for Academic Achievement, U. W. Medical School 1982 and 1983  
Fellow, Conte Institute for Environmental Health  
NCI Ad Hoc Study Section on Genetic Alterations in Bladder Carcinogenesis, 1988  
NRC Committee on DoE Radiation Epidemiological Research Program, 1992 - 1994

Reviewer for:  
*British J. Cancer*  
*Cancer Research*  
*Carcinogenesis*  
*Environmental Research*  
*Environmental and Molecular Mutagenesis*  
*International J. Cancer*  
*Journal of the National Cancer Institute*  
*Molecular Carcinogenesis*  
*Molecular Medicine*  
*Obstetrics and Gynecology*  
*Oncogene*  
*Pharmacogenetics*

National Toxicology Program Chemical Nominations Committee  
NCI *ad hoc* committee on molecular-epidemiologic enhancements to the NCI Prostate, Lung, Colorectal (PLCO) Screening Trial.  
NIEHS Interdisciplinary Research Awards  
1993-94: Genetic susceptibility to spontaneous abortion  
1994-95: Genetic and environmental risk factors for myelodysplasia  
1994-95: Reproductive failure associated with mutation of the ER gene  
1998-01: Functional analysis of human DNA metabolic genes and clinically important mutant alleles in bacteria & yeast  
U.S. Public Health Service Commendation Medal 1994: "For development of a highly creative program of epidemiologic research that incorporates molecular genetic markers in studies of environmental causes of human disease."  
NIEHS Institutional Review Board 1995-2003  
Acting Clinical Director, NIEHS 12/95-2/96  
NCI Committee on Promotions, *ad hoc* member, 1997  
Acting Chair, NIEHS Institutional Review Board 8/98-11/98  
NIEHS Executive Committee, 1997-2001  
NIH Merit Award 1997: "For development of the Environmental Genome Project"  
NIH Central Tenure Committee, Ad hoc member 1997-2003  
Vice Chair, NIEHS Institutional Review Board 1998-2003  
Chair, NIEHS Environmental Genomics Faculty 1999 – 2003  
NIEHS Merit Award for contributions to the NIEHS Strategic Plan 2005  
Working Group Co-Chair Trans-NIH Research Initiative 2006  
Editorial Review Board *Environmental Health Perspectives*  
NIEHS Committee on Tenure and Promotions 2002-2007  
NIEHS Annual Directors Allocation for Research Excellence (A-DARE) Award 2007

#### Current Committees and Journal Board Activities

Associate Editor: *Cancer Epidemiology, Biomarkers, and Prevention*  
Editorial Board: *Journal of Cancer Epidemiology*

Board of Governors, NIH Center for Inherited Disease Research, 1997-present  
NIH Central Tenure Committee permanent member 2003-2007, *ad hoc* 2008, 2009  
American Cancer Society Biospecimen Advisory Board, 2002-present  
Sister Study Steering Committee 2004-present  
Advisory Board for Oxidative Stress Director's Challenge Project 2006-present  
NIEHS Microarray Core Facility Advisory Committee 2006-present  
NIEHS Molecular Genetics Core Facility Advisory Committee 2008-present  
NIEHS Clinical Advisory Committee 2008-present

#### Funded Grants:

Examination of genetic alterations in preneoplastic and neoplastic lesions of the lung from uranium miners. Consultant. DOE. St. Mary's Hospital and Medical Center, Dr. Marshall Anderson PI, \$506,393 1994-97.

Breast Cancer SPORE. Consultant, Molecular Epidemiology Program. P50CA58223-03 University of North Carolina, Dr. Edison Liu PI, \$1,500,000 per year 1992-95

Environmentally induced bladder cancer: a genetic study. Consultant. IR01ES06094 Salk Institute, Dr. S. Sukumar PI, \$50,000 per year 1992-1994

Nutritional biochemistry and epidemiology of cancer training grant. T32CA72319-01A1 Consultant. University of North Carolina, Dr. Lenore Kohlmeier PI, \$88,856 1997-02, renewal \$1.4M 2002-07

Environmental Health and Susceptibility Center Grant. U. North Carolina, Affiliate Member, Genetic Susceptibility Core, \$700,000 per year 2001-4

Department of Energy Prostate Cancer Consortium. PI Genetic Susceptibility Project, and Co-investigator Proteomics Project. Dr. James Mohler Consortium PI \$9,997,794, 2003-2008.

Susan G Komen for the Cure. The Two Sister Study (Co-Investigator). CR Weinberg PI, September 2008 – August 2010, \$1,750,000

4. Stern MC, Lin J, Figueroa JD, Kelsey KT, Kiltie AE, Yuan JM, Matullo G, Fletcher T, Benhamou S, **Taylor JA**, Placidi D, Zhang ZF, Steineck G, Rothman N, Kogevinas M, Silverman D, Malats N, Chanock S, Wu X, Karagas MR, Andrew AS, Nelson HH, Bishop DT, Sak SC, Choudhury A, Barrett JH, Elliot F, Corral R, Joshi A, Gago-Dominguez M, Cortessi VK, Xiang YB, Vineis P, Sacerdote C, Guarrera S, Polidoro S, Allione A, Gurzau E, Koppova K, Kumar R, Rudnai P, Porru S, Carta A, Campagna M, Arici C, Park SSL, Garcia-Closas M. Polymorphisms in DNA repair genes, smoking, and bladder cancer risk: findings from the International Consortium of Bladder Cancer. Submitted 2009.
5. Shaughnessy DT, Gangarosa LM, Schliebe B, Umbach DM, Xu Z, MacIntosh B, Knize MG, Mathews PP, Swank AE, Sandler RS, DeMarini DM, **Taylor JA**. Inhibition of fried meat-induced rectal DNA damage and altered systemic genotoxicity in humans by crucifera, chlorophyllin, and yogurt. Submitted 2009

#### Book Chapters

1. Zhang, Z-F, Cordon-Cardo C, Rothman N, **Taylor JA**. Methodological issues in the use of tumor markers in cancer epidemiology. In: *Application of Biomarkers in Cancer Epidemiology*, Toniolo, Boffetta et al eds, 1997, IARC, Lyon
2. Stern MC, Koper NP, **Taylor JA**. Molecular Epidemiology. In: *Introduction to Biochemical Toxicology*. Hodgson and Smart eds, 2000.

#### Letters:

1. **Taylor JA**. Cone loss of the week. *Science* 1990; 247:270-271.

2. **Taylor JA**, Sandler DP, Shore DL. Re: Acute Myelogenous Leukemia. JNCI 1993; 85:921.
3. **Taylor JA**, Anderson M. Re: p53 mutation hotspot in radon-associated lung cancer. Lancet 1994; 343:1158-1159
4. **Taylor JA**, Wilcox AJ. Re: Risk of miscarriage and a common variant of the estrogen receptor gene. Am. J. Epidemiol. 1994; 140:1145

#### Conference Chair or Organizer

American Association for Cancer Research Program Committee 1997, 2000, 2001  
 Conference Co-Chairman, NIH Symposium on Environmental Genome Project, Oct 1997  
 Co-organizer EPA/NIEHS Workshop on Applying Biomarker Research, Chapel Hill NC, Aug 1999  
 Co-organizer NIEHS Conference on Epidemiology in the 21<sup>st</sup> Century, Chapel Hill NC Nov 1999  
 Co-organizer UNC/NIEHS Conference on Epidemiology of DNA Repair, Chapel Hill, Mar 2001  
 AACR Annual Meeting, Organizer and Chair, Special Forum on Proteomics, 2004

#### Invited Talks (selected, since 1994):

American Association for Cancer Research and Environmental Mutagen Society special conference: "Risk Assessment in Environmental Carcinogenesis" Whistler, Canada 1994.  
 Karolinska Institute, conference: "Molecular Mechanisms of Environmental Mutagenesis and Carcinogenesis" Huddinge, Sweden 1994.  
 Mayo Clinic Comprehensive Cancer Center, Rochester MN 1994  
 University of Minnesota Cancer Center, Minneapolis MN 1994  
 International Society for Environmental Epidemiology Annual Meeting, Symposium: "Genetic susceptibility to environmental hazards," Research Triangle Park, NC 1994.  
 Agency for Toxic Substances and Disease Registry workshop: "The role of biomarkers in field studies of environmentally associated cancers" Atlanta, GA 1994.  
 American Association for Cancer Research Annual Meeting, Symposium: "Mechanistic basis of ethnic differences in cancer risk" Toronto, Ontario, Canada 1995  
 International Society for Environmental Epidemiology Conference: "Host Factors in Environmental Epidemiology". Keynote Address. Cracow Poland 1995  
 Karolinska Institute Symposium "Molecular mechanisms of environmental mutagenesis and carcinogenesis" Stockholm, Sweden, September 1996  
 Fred Hutchinson Cancer Research Center and National Cancer Institute Workshop on Diet/Nutrition and Genetic Susceptibility in Relation to Cancer. Washington DC, Jan. 1997  
 MD Anderson Cancer Center, Grand Rounds, Houston Texas, January 1997  
 University of California, San Francisco Symposium: "Molecular Advances in Cancer Epidemiology and Prevention. San Francisco February 1997  
 NIH Director's Seminar Series, Bethesda, March 1997  
 Society of Toxicology Annual Meeting, Seattle Washington, March 1998  
 Environmental Mutagen Society Annual Meeting, Plenary Address (Alexander Hollaender Lecture) Anaheim CA, March 1998

University of Cincinnati, Center for Environmental Genetics April 1998  
Centers for Disease Control, Conference on Genetics and Public Health, Atlanta GA, May 1998  
American College of Epidemiology Workshop on Genetic Fundamentals of Molecular  
Epidemiology, Chicago IL June 1998; San Francisco CA Sept 1998  
12<sup>th</sup> International Conference on Carcinogenesis and Risk Assessment. Austin TX, Dec 1998  
American Cancer Society 2<sup>nd</sup> Annual Schilling Conference. Santa Cruz CA, March 1999  
Society of Toxicology, Chicago IL, May 1999  
VII CEPH Annual Conference on Human Genetics; Paris France, May 1999  
American College of Epidemiology Workshops, Baltimore June 1999; & Washington DC Oct 1999  
NIOSH Workshop on Genetic Susceptibility, Morgantown WV March 2000  
American College of Epidemiology Workshops, Seattle June 2000; Atlanta Sept 2000  
Norway National Institute of Public Health Conference on Merging Genetics and Epidemiology,  
Keynote address, Oslo Norway, Aug 2000  
American College of Epidemiology Workshops, Toronto Canada, June 2001  
Congress of Epidemiology, Toronto Canada, June 2001  
US-European Workshop on Gene-Environment Research at the Interface of Toxicology and  
Epidemiology, Garmisch, Germany Sept 2001  
Brown University, Biomedical Center, Providence RI, Nov 2001  
Centers for Disease Control, Atlanta GA, Feb 2002  
American College of Epidemiology Workshops, Albuquerque Sept 2002  
DNA Repair Interest Group National Videoconference, Jan 2003  
American College of Epidemiology Workshop, Atlanta GA, June 2003  
Environmental Protection Agency, RTP Sept 2003  
Centers for Disease Control, Atlanta GA, Sept 2003  
Carleton College, Northfield MN, Feb 2004  
American Association for Cancer Research Annual Meeting, Orlando FL March 2004  
Jackson Laboratory Meeting: "Assessing Human Germ Cell Mutagenesis" Bar Harbor ME Sept  
2004  
University of North Carolina Center for Environmental Health and Susceptibility, Feb 2005  
American Association for Cancer Research Annual Meeting, Anaheim CA, April 2005  
Society for Epidemiologic Research Annual Meeting, Toronto, June 2005  
University of Wisconsin, UW Population Health Institute, Madison WI, March 2008  
Congress of the Netherlands Epidemiological Society (plenary address), June 2008
